### Summary

I am a Software Engineering student (5th semester) with a strong interest in programming and software development. I have experience working with C, Java, and Python, and I have learned about object-oriented programming, data structures, and front-end development. I enjoy problem-solving, teamwork, and learning new things. I have built projects like a Banking Management System (C) and an Online Fruit & Vegetable System (Java). I also completed a Front-End Development course on Coursera and participated in a Summer Program 2024 at Mindstorm Studio, where I worked on Unity Game Development.

### Technical Skills

**Programming:** C, Java (OOP & DSA), Python (Basic), HTML, CSS, JavaScript, Database

**Development Environments:** IntelliJ IDEA, Dev C++, Visual Studio, SQL Server Management Studio

**Software Proficiency:** MS Word, MS Excel

**Soft Skills:** Teamwork, Problem-Solving, Time Management, Communication, Fast Learning

### Experience

#### Summer Program - Mindstorm Studio, Lahore (7<sup>th</sup> June - 12<sup>th</sup> August 2024)

- Worked on Unity Game Development as part of the summer program.
- Developed game logic, UI interactions, and optimized performance using C# and Unity.
- Received a certificate of completion and published a game demo.
- 🎮 **Game demo link:** [https://youtu.be/rS9gFXfu83Q?si=\\_TmEfBEj8Fz2CAXW](https://youtu.be/rS9gFXfu83Q?si=_TmEfBEj8Fz2CAXW)

### Education

BS Software Engineering COMSATS University Islamabad	CGPA 3.47	2023-Current Lahore, Pakistan
Higher Secondary School(Pre-engineering) Lahore College for Women University	Marks: 927 (A+)	2020-2022 Lahore, Pakistan
Secondary School Lady MacLagan Girls High School	Marks: 1094 (A+)	2019-2020 Lahore, Pakistan

### Certificate / Courses

- 📖 Front-End Web Development Course, Coursera - Johns Hopkins University, US (August 2024)
- 📖 Unity Game Development - Summer Program, Mindstorm Studio, Lahore (2024)
- 📖 UR20/30 e-Learning, Universal Robots Academy (2025)
